

Technical drawing of a threaded rod with the following dimensions:

- Overall length: 129,79
- Threaded length: 115,12
- Unthreaded length: 12,60
- Thread pitch: 3,50
- Threaded section diameter: $\varnothing 126,00$
- Unthreaded section diameter: $\varnothing 122,00$
- Overall diameter: $\varnothing 130,00$
- Threaded section height: 2,00
- Unthreaded section height: 1,89
- Threaded section width: 3,80
- Unthreaded section width: 3,50
- Threaded section thickness: 24,30
- Unthreaded section thickness: 15,50

Threading M30x3.5 nominal diameter 126 (can be adjusted)
